Program Outline

This is a Master's Level program, leading to the Master of Business Administration of Bharat Institute Of Business Management. This two-year program offers foundation courses, core courses, elective courses, and a comprehensive master thesis intermediary apart from an option to pursue a cross-functional and open elective. The core and elective courses incorporate the AIMA's model curriculum as prescribed for a full-time MBA program. The elective courses have been designed keeping in mind the industry's requirements. The offering of these elective courses right from the 2nd Semester of the program ensures a deep dive into the elective. The program is designed to provide in-depth knowledge of the chosen elective and its applications in improving business processes and decision making. The program's curriculum is intended to increase a learner's business knowledge and leadership skills thus providing a way to accelerate one's career for corporate roles in management.
